EXPERIENCE

Freelance Graphic/Web Design—

JANUARY 2011 - MAY 2014 | March 2020 - PRESENT

I've spent the last year working diligently to create projects and advance in both FrontEnd and BackEnd technologies.

I've created anything from logos to websites, to web applications utilizing various FullStack technologies. (Primarily a SQL database with a code first EF approach, and ASP.NET MVC. Built RESTful API's then HTML/CS/JS as FrontEnd.)

Domo, Inc - *Technical Support Advisor*

JANUARY 2020 | APRIL 2020 - Let go due to COVID-19 staff cuts.

Provide extensive support and customer services to subscribers of the Domo Platform. Creating custom sql and card design for data insights.

ARUP Laboratories — *IT Technical Support Specialist II*

MAY 2014 - NOVEMBER 2019

Provide extensive support and customer service to the company and computers within the company. Software testing and documentation of bugs for investigation by in house development teams. Helpdesk.

EDUCATION

Solo learning | Online Education — *Udemy, Pluralsight*

MARCH 2020 - PRESENT

Due to the pandemic, I've taken the time to complete education in FullStack Web Development, Entity Framework, React, and have been building projects with RESTful API, EF, .net 5, and Agile Development methodologies.
