EXPERIENCE

Bridge Investment Group – *Software Developer*
MAY 2021 - PRESENT

Continuously submit well written code during weekly sprints. Perform code reviews for submitted code. Designing and implementing the UI/UX for revenue\property management software.

Design and implement container and presentational components (as Stateless and Functional Components when applicable).

This was accomplished with React.js and JSX, while heavily relying on ES6 new features like: Arrow Functions, Object Destructuring, Spread Operator, ES6 Classes, Promise, Async\Await, Let\Const and Template Literals.

Freelance Graphic/Web Design—
JANUARY 2011 - MAY 2014 | MARCH 2020 - MAY 2021

I spent the pandemic year working diligently to create projects and advance in both FrontEnd and BackEnd technologies.

Domo, Inc – *Technical Support Advisor*
JANUARY 2020 - APRIL 2020 | COVID-19 staff cuts.

Provide extensive support and customer services to subscribers of the Domo Platform. Creating custom sql and card design for data insights.

ARUP Laboratories – *IT Technical Support Specialist II*
MAY 2014 - NOVEMBER 2019

Provide extensive support and customer service to the company and computers within the company. Software testing and documentation of bugs for investigation by in-house development teams. Helpdesk.

EDUCATION

Solo learning | Online Education — *Udemy, Pluralsight, mentorship*
